

QUALITY POLICY STATEMENT

LA Techniques Ltd. designs, manufactures and rents high performance electronic test equipment and sub-assemblies for a range of commercial applications. LA Techniques is committed to achieving high levels of customer satisfaction by delivering reliable, high quality and cost effective products within agreed timeframes.

To help achieve and maintain these goals, the company operates a Quality Management System that is in line with ISO 9001:2008 and complies with all relevant product standards and directives and applicable UK government legislation.

LA Techniques recognises that it has a responsibility to align its business values and operations to the expectations and interests of its stakeholders. This includes customers, employees, investors, suppliers, the local community and the environment. We believe in integrity, best practice, value for money, impeccable customer service, protecting the environment and giving something back to our community. LA Techniques' social, economic and environmental responsibilities to these stakeholders are integral to our business. We aim to demonstrate these responsibilities through our actions.

Compliance and continual improvement is monitored by process measurement and internal audits and is maintained by the timely implementation of preventive and corrective actions. Business goals and Quality Objectives are regularly measured and reviewed to identify improvement opportunities.

Meeting high quality standards is the responsibility of the entire team. LA Techniques is therefore committed to enhancing the abilities of all staff to support the business and the effective operation of the company's Quality Management System.

The management team endorses these policy statements and is fully committed to their implementation and the continual improvement of the effectiveness of the Quality Management System.
